

SCHOOLCRAFT COMMUNITY SCHOOLS
DEPARTMENT OF ATHLETICS

Dear Parent:

A significant portion of the costs associated with interscholastic athletics is the cost of transporting athletes to and from contests. The athletic department is working to contain costs related to athletics transportation. As a result, beginning in the fall of the 2004-05 school year, transportation of athletes for Saturday events following competition will, however, become the responsibility of the parents of our athletes. This can be accommodated either by the parent being on site or by designating the parent of another athlete who will assume responsibility of the transportation of your child. At the bottom of this communication is a form to be completed and returned to the coach prior to the start of the season. It will designate those people with whom each athlete is permitted to ride. It is possible to modify the form as the season progresses and circumstances change.

Currently, we are planning to continue to provide transportation both to and from all events that occur on week-days. By making this type of adjustment, we hope to be able to continue to offer a broad spectrum of competitive experiences for our student/athletes. Your understanding of and cooperation with this change in practice is greatly appreciated. Please contact the Schoolcraft High School Athletic Department if you have questions (269 488 7365).

Sincerely,

Ted Manning
Director of Athletics

Schoolcraft Community Schools
Athletic Department
Transportation Authorization Form

I have read and understand the Schoolcraft Community Schools Athletic Department position on Saturday transportation, and accept responsibility for securing return transportation for my son/daughter from Saturday athletic events.

Parent Signature

DATE

Athlete's Name

If I am not personally able to provide transportation for my son/daughter, I give permission for the following adults to transport him/her.
