Request for Student Placement

In the spring, the Early Elementary teaching staff devotes a significant amount of time developing class lists for the following year. It is a team effort and done with great care.

Classes are carefully balanced according to several factors including: academic performance, social-emotional development, boy-girl ratio, separating children who do not work well together, individual student work habits, reading ability, and dividing up students with more serious behavior issues.

We make every attempt to place each child in an environment which encourages the best growth academically, socially and emotionally. However, if you wish to share some information that will help us with our planning, please send the principal a note describing the learning atmosphere you feel would be best for your child.

Please do not request a particular teacher, but rather give information to help us select the most appropriate type of classroom setting. We discourage specific teacher requests, but recognize there may be extenuating circumstances that need to be considered on its merit, but is not a guarantee of desired placement.

Parental input needs to be in writing
and must be received by the principal by May 1st.

Brown Bag Story Hour

The May Brown Bag Story Hour will be the last Brown Bag Story Hour of the school year and will be held Thursday, May 10 at 11:10 a.m. for students in Young Fives and Kindergarten. The theme will be "friendship". Please bring a brown bag lunch, a drink (NO RED OR PURPLE PLEASE) and good listening ears.

Thank You for Being a Volunteer at Schoolcraft Early Elementary School!

If you are in the building, please make sure to look at our volunteer recognition display near the office. We are very appreciative of the help we receive from our parents and community members. You make a difference!
