

February 20 PLC Posting

Summary Report for English Language Arts and Social Studies

In the English Language Arts and Social Studies PLCs this week, teachers deconstructed standards. Each grade level presented standards and objectives for an upcoming unit. As a team, we broke these learning targets into specific skills, knowledge, reasoning skills and student created products. Within the next month, students will be introduced to these learning targets and begin their work toward proficiency. Teachers will critique and brainstorm ways to assess the learning targets for these units at our next PLC meeting.
